HEIDI MACHEN, EXECUTIVE DIRECTOR

November 28, 2007

At the meeting of the Taxicab Commission on Tuesday, November 27, 2007 the following resolution(s) and finding(s) were adopted:

RESOLUTION NO. 2007-XXX

ANNUAL PUBLIC CONVENIENCE & NECESSITY

Whereas, the San Francisco Municipal Police Code § 1079(d) requires the San Francisco Taxi Commission to conduct an annual Public Convenience and Necessity meeting to determine the need for the issuance of more taxis permits; and,

Whereas, on February 27, the Commission held its PC&N hearing and approved the issuance of 25 medallions restricted to hybrid or alternative fuel vehicle and 25 Ramped medallions and subsequently adopted findings to issue these medallions; and

Whereas, the PC&N hearing can be re-opened at any time the Taxi Commission so wishes; and,

Whereas, the Commission reopened the PC&N hearing and considered adding peak-time medallions at its October 9, 2007 meeting and partially concluded that individual peak time medallions might not be profitable and that the discussion of peak time medallions may best be continued in the Charter Reform Working Group; and,

Whereas, the Commission sees a need for additional medallions at this time; and now

Therefore it be resolved, the San Francisco Taxi Commission approves the issuance of X medallions restricted to XX.
