(Draft 7/14/2008)

Procedures for Reconsideration of Driving Experience Determinations Under Police Code Section 1121

Persons eligible for reconsideration

- The medallion applicant must have been denied or removed from the waiting list in calendar year 2005 or later.
- The medallion applicant must have been denied or removed from the waiting list for not having sufficient driving experience.
- The medallion applicant must have sufficient driving experience under the new standards, pass investigation by the Taxi Commission and/or Taxi Detail, and meet all other requirements for obtaining a permit under Article 16 of the Municipal Police Code.

Deadline for applying for reconsideration

- Persons seeking reconsideration must submit a completed application, on a form to be provided by Taxi Commission staff, no later than October 1, 2008.
- Commission staff shall publicize the deadline and procedures for seeking reconsideration based on the changes in the driving-experience requirements by placing a notice on the website.
- Commission staff shall send letters explaining the deadline and these procedures by certified mail to those applicants denied or removed from the waiting list since January 1, 2005 for not having sufficient driving experience. Such letters shall not constitute an admission by the Taxi Commission that the applicant is eligible for reconsideration or that the applicant would be eligible for a medallion under the new driving requirements.

Procedures for reconsideration

- The Taxi Commission shall consider the completed applications in the order that they are received. Those applications shall be deemed received ahead of all other individuals currently at the top of the waiting list.
- The applicant shall have the burden of proof on all issues upon reconsideration, including whether he or she meets all requirements for receiving a medallion.

- The Taxi Commission shall apply the driving experience standard set in the amended ordinance for the calendar year in which the application was originally considered. But the Commission shall consider the remainder of the application under current standards and based on current information.
- The Executive Director shall review the application and place his or her recommended decision on the consent calendar for the Commission's consideration. The Commission may adopt, reject, or modify the Director's recommended decision.
- If the Commission approves the application, the individual shall be awarded a medallion if one is available, or if none are available, the Director shall return the applicant to the waiting list ahead of those already on the list, but behind any other applicants previously approved under this process.

SEC. 1121. PERMIT APPLICATIONS; PREFERENCES; DRIVING EXPERIENCE REQUIRED.

(a) **Submission of Applications; Taxicab Waiting List.** Applications for taxicab permits shall be accepted by the Taxi Commission and shall be recorded by the date and time at which each application is received. The Commission shall maintain a list in the order of receipt ("taxicab waiting list") of all taxicab permit applications that have not been acted upon, in excess of the number of such permits authorized pursuant to Section 1079. When a taxicab permit becomes available for issue and an applicant on the taxicab waiting list is eligible for a hearing before the Commission, the Commission shall so notify the applicant.

Each applicant for a taxicab permit must, at the time of filing the application:

- (1) Be a resident of the United States, of good moral character;
- (2) Be 21 years or older;
- (3) Be free of any disease, condition, infirmity, or addiction to the use of alcohol or any controlled substance, which might render the applicant unfit for the safe operation of a taxicab or any other motor vehicle for hire;
- (4) Be able to read and write the English language;
- (5) Be clean in dress and person;
- (6) Hold a valid California driver's license of a class sufficient for the lawful operation of the motor vehicle driven; and
- (7) Have held a driver's permit pursuant to Section 1089 of this Article for two years immediately preceding the date of application for a taxicab permit.

(b) **Driving Experience Required.** To qualify for issuance of a taxicab permit, an otherwise qualified applicant must have the driving experience specified in subparts (i)--(vi) below, subject to the modification stated in subsection (c). The required driving may be satisfied only by driving a taxicab and/or ramped taxi for which a permit has been issued by the Taxi Commission. For the purposes of this subsection (b), the phrase "application heard by the Commission during calendar year" includes an application publicly scheduled to be heard in the calendar year, but continued in that calendar year to the next calendar year by the Commission.

(i) **For an application heard by the Commission during calendar year 2004:** The applicant must have been a full-time driver during the 12 months

immediately preceding the Commission's hearing on the application. For the purposes of this subpart (i), "full-time driver" shall be defined in accordance with Section 1076(o), except that the time frame applicable to the definition is the 12 months immediately preceding the hearing on the application rather than 12 months constituting a calendar year.

(ii) **For an application heard by the Commission during calendar year 2005:** The applicant must have been a full-time driver, as defined in Section 1076(o), during calendar year 2005 or the 12 months immediately preceding the hearing on the application.

(iii) **For an application heard by the Commission during calendar year 2006:** The applicant must have been a full-time driver, as defined in Section 1076(o), during calendar year 2005 or 2006.

(iv) **For an application heard by the Commission during calendar year 2007:** The applicant must have been a full-time driver, as defined in Section 1076(o), during any two calendar years from 2005 to 2007, inclusive.

(v) **For an application heard by the Commission during calendar year 2008:** The applicant must have been a full-time driver, as defined in Section 1076(o), during any three calendar years from 2005 to 2008, inclusive.

(vi) **For an application heard by the Commission during calendar year 2009:** The applicant must have been a full-time driver, as defined in Section 1076(o), during any four calendar years from 2005 to 2009, inclusive.

(vii) **For an application heard by the Commission in calendar year 2010 and subsequent calendar years:** The applicant must have been a full-time driver, as defined in Section 1076(o), for five years, as specified in Alternative 1 or Alternate 2 below.

Alternative 1: The applicant was a full-time driver during the calendar year immediately preceding the hearing, and during four of the five calendar years immediately preceding that calendar year.

Alternative 2: The applicant was a full-time driver during the calendar year in which the application is heard, and during four of the five calendar years immediately preceding that calendar year.

(viii) When an applicant seeks credit as a full-time driver under this subsection (b) for the same calendar year in which his or her application is heard by the Commission, the Commission shall pro-rate the amount of driving required under Section 1076(o) against the portion of the calendar year that has elapsed as of the date of the hearing.

(ix) The Commission may substitute an equivalent amount of prior full-time driving experience for the experience required under subsections (b)(i)--(vi) above, where the Commission determines after a public hearing that the applicant has been unjustly and systematically denied employment in the taxi industry in retaliation for engaging in legitimate political, expressive, or labor activity. The applicant shall have the burden of establishing such a claim, and any such determination shall require a two-thirds' vote of the Commission.

(c) Modification of Required Driving Experience. If no applicant has the driving experience required pursuant to subsections (b)(ii)--(vi), but public convenience and necessity as determined pursuant to Section 1079 warrants issuance of a taxicab permit, the Taxi Commission may issue the permit to an otherwise qualified applicant who has been a full-time driver during the 12 months immediately preceding the Commission's hearing on the application. For purposes of this first paragraph of subsection (c), "full-time driver" shall be defined in accordance with Section 1076(o), except that the time frame applicable to the definition is the 12 months immediately preceding the hearing on the application rather than 12 months constituting a calendar year.

The Commission may by regulation establish additional driving experience required for the issuance of a taxicab permit under the circumstances described in this subsection (c), provided that the regulation shall require neither greater driving experience than is required pursuant to subsections (b)(ii) --(vi) nor driving experience for any calendar year greater than the driving experience encompassed in the definition of "full-time driver" in Section 1076(o).

(d) Educational Requirements. In addition to meeting the driving requirements in subsection (b) and (c), applicants must also meet any educational or training requirements imposed by the Taxi Commission.

(e) Burden of Proof on Applicant; Recordkeeping by Applicant. The taxicab permit applicant shall have the burden of showing that he or she has the driving experience required to qualify for the taxicab permit. The applicant shall keep records sufficient to document his or her driving for the calendar year or years necessary to satisfy the driving requirement.

(f) Recordkeeping by Color Scheme Permitholders. Holders of color scheme permits shall maintain and retain records that will document driving performed by drivers of taxicabs and ramped taxis affiliated with the color scheme. Within 60 days of the effective date of this subsection (e), the Taxi Commission shall adopt a regulation requiring holders of color scheme permits to maintain and retain such records for a period of time sufficient to aid the Commission in determining whether applicants have met the specific driving requirements mandated by subsection (b). Failure of the Commission to adopt such a regulation, or failure of the color scheme permitholder to comply with the regulation, shall not excuse the permit applicant from the driving requirement or

relieve the applicant from the burden of proving that he or she has satisfied the requirement.

(g) **Notice of Required Driving.** Notice of the driving experience required of taxicab permit applicants pursuant to subsections (b) and (c) and of the applicant's burden of proving the requisite driving experience and maintaining adequate records pursuant to subsection (d), shall be given by the City and color scheme permit holders pursuant to subparts (i)–(iii) below. In accord with Section 1148.1(e), the notice shall also include information pertaining to ramped taxi permit applicants. Failure to give the notice required by subparts (i), (ii), or (iii) shall not excuse the taxicab permit applicant from the driving requirement or relieve the applicant from the burden of proving that he or she has satisfied the requirement. The Taxi Commission may provide additional notice beyond that required by subparts (i)–(iii).

(i) Within 30 days of the effective date of this subsection (f), the Commission shall give written notice of the requirements of subsections (b), (c), and (d) to each applicant on the taxicab waiting list. Thereafter, the Commission shall give written notice to each new applicant on the taxicab permit waiting list on or before the filing of the application.

(ii) Beginning no later than 30 days after the effective date of this subsection (f), the Office of Treasurer and Tax Collector, in consultation with the Commission, shall give written notice of the requirements of subsections (b), (c), and (d) to each person who is obtaining or renewing the driver of public passenger vehicle permit. Said notice shall additionally inform the person of the existence of the taxicab waiting list and the process for getting on the list.

(iii) Within 20 days of the effective date of this subsection (f), the Commission shall adopt a regulation requiring each holder of a color scheme permit to post written notice of the requirements of subsections (b), (c), and (d) at a location at the color scheme's place of business that is ordinarily within the view of working taxi drivers affiliated with the color scheme.
