

## Summary of Recommendations for 49L Van Ness/Mission:

- Would make local stops on Van Ness Ave. and on Ocean Ave. and make limited stops on Mission St. to provide shorter travel times
- Mission St. would have more frequent service at all times of day provided by all-day local (14 Local) and limited stop service (Routes 14L and 49L)
- Limited stop service would use trolley coaches and run every 5 min or better from 6 AM to 8 PM reducing travel time for most customers
- Would coordinate with Van Ness Bus Rapid Transit (BRT) Study currently underway which aims to achieve significant travel time and reliability improvements
- Current frequencies – 8 min AM and PM peak; 9 min midday; 12-15 min evening
- Proposed frequencies – 7-8 min peaks; 9 min midday; 12 min evening
