I. SUMMARY OF THE DECISION

Mr. Ennazer acknowledged that he did not meet the Prop. K full-time driving requirement [FTDR] for 2001 when he signed a formal reprimand to that effect. The reprimand contained a warning that he was subject to revocation for further violation of codes or rules regulating the taxi industry.

According to the March 23, 2007 Complaint, "an examination of Mr. Ennazer's waybills from Yellow Taxicab Company Co-Op showed that Mr. Ennazer had filled out no waybills as required for calendar year 2005." The hearing officer finds that the Commission met its burden of showing that Mr. Ennazer failed to meet the FTDR for 2005.

In addition, the Commission demonstrated striking discrepancies in 2006 and 2007 between Mr. Ennazer's waybills, GTU records, and Mr. Ennazer's Yellow Cab logons for 2006 and early 2007. The hearing officer finds that Mr. Ennazer did not meet the FTDR for 2006.

Three violations of the FTDR in during a year period create an extremely strong presumption for revocation that may be overcome only in extraordinary circumstances. Mr. Ennazer did not offer evidence of mitigating factors sufficient to overcome this extreme presumption.

In addition, although the decision to revoke is warranted by three violations of the FTDR, the hearing officer finds two additional bases for revocation:

i. The hearing officer finds evidence of fraud in Mr. Ennazer's waybills for 2006 and 2007. Serious misconduct (such as waybill fabrication) together with the formal reprimand for 2001 and an additional year of failing to satisfy the FTDR creates an extreme presumption for revocation.

ii. The hearing officer finds that during 2005, Mr. Ennazer was an egregious violator. Two years of failing to meet the FTDR, one of which is an egregious violation, together with a reprimand, also create an extreme presumption for revocation.

The hearing officer recommends revocation of Mr. Ennazer's medallion on all or any of these grounds.

II. PROCEDURAL HISTORY

A. Pre-Complaint

Mr. Ennazer was formally reprimanded on April 26, 2002 for falling short of the Prop. K FTDR (MPC 1181(b)). The letter of reprimand was signed by Mr. Ennazer on May 2, 2002. [EXHBT B.i.] The attached Prop. K audit sheet noted that Mr. Ennazer completed only 128 out of the 156 required shifts for the 2001 calendar year. [EXHBT B.ii.] In addition, the audit sheet noted incomplete way bills, a violation under MPC 1138 and Rule VI.C.8 of the Taxicab Rules and Regulations. According to the reprimand, MPC 1138 requires "an accurate an legible waybill which includes the date of operation, starting & ending times, vehicle license #, cab#, medallion#, starting and ending mileage & units, time of hire and discharge of passenger and the locations of fare pickup and drop off." In addition, Rule VI.C.8 requires medallion holders "to enter on waybills, in indelible ink, the total number of hours worked and to sign the waybill."

The letter of reprimand states that "... only completed waybills will be used in determining the total number of days/shifts worked." [emphasis in original]

Thereafter, the record shows no further action regarding Mr. Ennazer until an October 13, 2006 letter is sent to Mr. Ennazer by Mr. Jack Brodnax, then Commission designee, referring to "a 2005 calendar year audit" of Mr. Ennazer's driving record indicating "No Waybills" and "Insufficient Hours Prop. K." The letter demands that Mr. Ennazer produce waybills by October 20, 2006.

On October 31, 2006 the Commission date stamps the return receipt of the October 13, 2006 letter. Mr. Brodnax handwrites a note on it.

Mr. Azzam Ennazer states that he believes Yellow Cab lost some of his waybills. He has received a verbal Admonishment & will have copies of waybills or receipts for his shifts/hours in the future.

Mr. Ennazer signs his name next to the note, and the note is dated, by hand, 10-31-06, apparently by Mr. Brodnax, who also initials it.

B. Commission discrepancies

It is not clear precisely when Mr. Brodnax conducted the audit that purportedly found no waybills for 2005. Mr. Brodnax refers in his October 13, 2006 letter, *supra*, to a 2005 calendar year audit; thus presumably the audit had already been conducted by the date of the letter. Yet on the Prop. K audit sheet attached to the Complaint, Mr. Brodnax enters 12/29/2007 (likely 12/29/2006) as the date on which the audit was conducted.¹ Thus, it is not clear when the audit was conducted.

¹ The 12/29 date is stated in the Complaint as "12/29/06."

In addition to this discrepancy over when the audit was conducted, the audit sheet itself contains no calendar year date. Thus, although the months of January through December are listed it is not clear to what year the twelve months belong.²

Nevertheless, Mr. Brodnax indicated that he found no way bills for twelve months. He left blank the boxes next to each month, January through December. He entered no shifts and no hours for any month, and entered zero as total shifts and hours for the twelve month period.

In rebuttal, Mr. Ennazer testified that he customarily submitted waybills to the guard at Yellow Cab but did not know what happened to the 2005 waybills after he submitted them. To support his testimony, he produced Yellow Cab logs ("logons") of his driving during 2005 as proof he drove that year. Subtracting duplicate entries, these logs reflect approximately 76 shifts for the year, less than half the 156 required shifts. One would have to assume Mr. Ennazer worked ten hour shifts each day he logged in to bring him close to the 800 hour per year Prop. K driving requirement.

However, the Commission produced substantial evidence that shed doubt on Mr. Ennazer's overall driving record for the last few years. It found striking discrepancies in 2006 and 2007 between Mr. Ennazer's waybills, GTU records, and his Yellow Cab logs. The discrepancies in 2006 between the GTU records, the logs, and Mr. Ennazer's waybills, are evidence that he did not meet the FTDR for 2006. Similar discrepancies were found for the first quarter of 2007. These discrepancies cast doubt on the 2005 logs as evidence that Mr. Ennazer drove even 76 shifts in 2005.

In light of the evidence the Commission was able to produce that Mr. Ennazer drove well short of the FTDR for 2006, the hearing officer found that the errors it made in dating the 2005 audit were not fatal to the Complaint, and allowed the Commission's case to go forward.

III. THE COMPLAINT

The Complaint cites a history of "multiple violations" and calls for revocation of Mr. Ennazer's medallion, terming him an "Egregious Violator." The "multiple violations" presumably include 2005 and 2001, both within seven calendar years.³ However, Mr. Brodnax does not identify precisely what constitutes an "egregious violation."

² Mr. Brodnax was not available at the hearing or made available post-hearing to resolve these discrepancies.

³ This rule is keyed to the number of times the permitholder violated the driving requirement during the seven calendar years preceding the calendar year in which the Commission hears the case....The seven-year period comes into play only when the permit of a long-term permitholder is subject to possible revocation. Appendix A.

A. The Enforcement Standards for Permit Revocation⁴

Two violations within the seven year period by themselves do not create a presumption favoring revocation. In fact, without more, two violations create no presumption either favoring or disfavoring revocation. [Appendix A, III.A]. However, when combined with another violation, such as serious or illegal misconduct or "egregious non-compliance with the [FTDR]" two violations give rise to a strong presumption favoring revocation. Driving no more than one fourth of the shifts required by the FTDR, or driving no more than one half the required shifts but with a willful disregard of the FTDR, are two instances of egregious noncompliance. [Appendix A, III.B]

The 2002 audit shows 128 shifts driven in 2001 (over three fourths the required 156 shifts). Thus, 2001 is not a year in which Mr. Ennazer was in egregious non-compliance. In order to raise an extremely strong presumption for revocation, the Commission must establish that Mr. Ennazer drove either less than one fourth the required shifts for 2005 or less than one half the required shifts that year "with a willful disregard of the FTDR," and that he received a prior warning, as is uncontested here, that he might face revocation if he failed to comply with Commission rules.

An extremely strong presumption in favor of revocation is raised when the medallion holder has violated the FTDR for two or more years if a) he or she has received a written notice of a prior violation and a warning that another violation may be cause for revocation [Appendix III.B.1] and b) was an egregious violator in any of those years. Mr. Ennazer received a prior notice and warning of revocation on April 26, 2002 regarding the calendar year 2001. [EXBT. B.i]. The Commission alleges he egregiously violated the FTDR for 2005, driving no shifts at all. If the Commission proves an egregious failure to drive in 2005, Mr. Ennazer is confronted with an extremely strong presumption in favor of revocation.

An extremely strong presumption in favor of revocation is also raised when the medallion holder has violated the FTDR for two or more years if a) he or she has received a written notice of a prior violation and a warning that another violation may be cause for revocation [Appendix III.B.1] and b) has committed another serious violation of the law or serious misconduct. Evidence of fraud regarding Mr. Ennazer's waybills for 2006 and 2007 would constitute a serious violation and/or misconduct. .

Finally, the Commission may revoke if it proves three violations of the FTDR within seven years, together with a written notice of a prior violation and a warning regarding revocation. If the Commission shows that the driver has not fulfilled the FTDR for three years and received a prior warning, it need not show serious misconduct or an egregious violation to establish an extremely strong presumption in favor of revocation.

⁴ Enforcement of the Full-time Driving Requirement Standards for Permit Revocation, Revised 2/26/02. Appendix A to this Decision.

An extremely strong presumption "falls just short of a conclusive presumption." It may only be overridden "in the rarest of circumstances," when there is "an absolutely compelling justification." [Appendix I.B.2, Emphasis added,].

B. Expanded Charges: 2006

The Complaint states that no waybills were found for 2005 during the December 29, 2006 audit. Ms. Thigpen reiterated this claim at the hearing. Mr. Ennazer was notified in the April 26, 2002 letter of reprimand, *supra*, that improperly filled out waybills do not count as evidence of Prop. K compliance. *A fortiori*, the complete absence of waybills is evidence of egregious failure to fulfill the FTDR.

Mr. Ennazer testified that he drove full-time in 2005, and regularly submitted waybills to the guard at Yellow Cab for deposit with the company. He testified that he did not know what became of the waybills after he submitted them, i.e., why none were found in the file during Mr. Brodnax's audit. However, Mr. Ennazer offered into evidence Yellow Cab Coop logs ("Logons/Driver Histories") to support his assertion that he drove during 2005.

The Logons reveal 79 entry dates for 2005, with several duplicate dates, for a total of approximately 76 entries. These entries fall well short of the FTDR. Mr. Ennazer also submitted Yellow Cab logons for 2006.

Ms. Jordanna Thigpen, Deputy Director of the Commission presented new evidence post-hearing resulting from her investigation of Mr. Ennazer's driving record for 2006 and early 2007. According to Ms. Thigpen, Mr. Ennazer failed to satisfy the FTDR for 2006 and fabricated records for 2006 and early 2007.

Although the Complaint charged only 2001 and 2005 as counts, Mr. Ennazer opened the door to an investigation of 2006 with his submission of logons for that year.

Moreover, the hearing officer holds that although Mr. Ennazer was not formally charged with FTDR violations for 2006 and 2007, those years may be considered in his proposed decision.⁵ The hearing officer has authority to evaluate evidence of driving during 2006 and 2007 under the Enforcement Standards:

Relevant facts and circumstances that the Commission may weigh in determining whether or not to revoke the permit, include, but are not limited to... the extensiveness of the permitholders driving in any calendar year subsequent to the last calendar year during which it is charged that

⁵ In the event the Commission does not adopt the hearing officer's recommendation to revoke, the Commission is not estopped from bringing a new or amended Complaint that includes 2006 and 2007, and/or new charges alleging fraud or an attempt to mislead the Commission during its investigation.

the permitholder violated the driving requirement. [Appendix A: V.3. "Weighing Facts and Circumstances"]⁶

The Commission may also weigh "[t]he magnitude of the violation of the driving requirement" in any calendar year. [Appendix V.1.]

IV. MR. ENNAZER'S DRIVING RECORD: 2006 and early 2007

Ms. Thigpen alleged "egregious fraud" on the part of Mr. Ennazer in her post-hearing brief of June 20, 2007. She went on to assert:

Mr. Ennazer was brought up on charges for failing to drive at all in Calendar Year 2005. Subsequently the Taxi Commission has determined that he has not only failed to complete his Proposition K driving requirement for Calendar Year 2006, but has committed serious fraud in Calendar Years 2006 and 2007 and likely in 2005 as well, were the waybills to be located.

Ms. Thigpen spot-checked Mr. Ennazer's waybills from 2006 and 2007 comparing them with automatically registered in and out entries at SFO for Taxi 0431 on Ground Transportation Unit ("GTU") logs. Ms. Thigpen found substantial discrepancies between the times, dates, locations on the waybills and the times and dates on the GTU printouts. Ms. Thigpen concluded that "[e]very single day that was spot-checked demonstrates egregious fraud." [EXBT H]

The hearing officer independently confirmed that each of the comparisons made by Ms. Thigpen are essentially correct as to the lack of basic correspondence between Mr. Ennazer's waybills and the GTU logs, and has arrived at the same conclusion as Ms. Thigpen with respect to the flawed credibility of Mr. Ennazer's representations regarding driving during 2006 and early 2007.

In addition, the hearing officer conducted additional checks to determine whether correspondences exist between the waybills for 2007 and the GTU logs of that year. In each case where there is an obvious lack of correspondence between Mr. Ennazer's waybills and these GTU logs, it may be assumed that the GTU logs are accurate and that any significant mismatch in the waybills substantiates waybill inaccuracy. This further supports an inference that Mr. Ennazer, or another party on his behalf, fabricated 2006 and 2007 waybills.

These additional spot check include one for January 22, 2007. The lack of correspondence for this date includes a documented trip to the San Francisco Airport (7:48p to 8:08p) that is not included on Mr. Ennazer's waybill for that date. Mr. Ennazer's waybill for 1/22/07 lists his cab at 23d and Bryant at 7:45p – an obvious conflict.

⁶ See also, Appendix, VI. Note on Scope of Rule, 5: Evidence of the permitholder's driving record prior to the seven years immediately preceding the Commission's hearing is admissible if relevant, to give the Commission the fullest possible factual perspective on the violation(s) in question. See subsection V.

Another spot check for January 26, 2007, indicates that there were five SFO entries and exits by Mr. Ennazer's taxi during his afternoon shift, only two of which are listed on his waybill for that date. This evidence also confirms probable waybill fabrication inasmuch as the GTU logs are presumed accurate to the minute.

The hearing officer has documented additional probable fabrications in selected checks between these waybills and the GTU logs for the dates of January 30, 2007, January 31, 2007, February 3, 2007, February 6, 2007, February 7, 2007, February 14, 2007, February 19, 2007, February 22, 2007, and April 2, 2007. Each of these dates reveals significant mismatches between GTU logs and Mr. Ennazer's waybills such that the fabrication of his waybills, by him or another party may be reasonably inferred.

V. MR. ENNAZER'S DRIVING RECORD: 2005

Given the discrepancies between the Logons with GTU records and waybills for 2006 and early 2007, Mr. Ennazer's testimony that he drove during 2005 is suspect. The salient fact in this case is that Mr. Brodnax, the Commission designee, reported finding no 2005 waybills at all for Mr. Ennazer at Yellow Cab. On the totality of the evidence, Mr. Ennazer cannot be credited with having met the FTDR for 2005, even counting the 76 shifts on his logs.

VI. FINDINGS

A. Failure to meet the FTDR

2006: By a preponderance of the evidence, Mr. Ennazer failed to satisfy the FTDR for 2006.

2005: By a preponderance of the evidence, Mr. Ennazer failed to satisfy the FTDR for 2005.

2001: Mr. Ennazer admitted to not satisfying the FTDR for 2001.

B. Egregious violations

2005: Given the absence of waybills and the unreliability of the logs for 2005, insufficient evidence exists to credit Mr. Ennazer with even one fourth (1/4th) the shifts for the FTDR.

2006: Given the unreliability of the waybills for 2006, insufficient evidence exists to credit Mr. Ennazer with even one fourth (1/4th) the shifts for the FTDR.

C. Serious misconduct

Given discrepancies between the waybills, the GTU records, and the logons for 2006 and early 2007, an inference is warranted, by a preponderance of the evidence, that Mr. Ennazer committed serious misconduct or and/or a violation of the law, viz. fabrication of waybills in an attempt to mislead the Commission at to his driving record.

VII. AGGRAVATION AND MITIGATION

In his defense, Mr. Ennazer testified that he drove 4-6 shifts per week in 2006 and continued that schedule into 2007 and was properly filling out waybills. The findings in this case belie that claim.

Mr. Ennazer is found to have committed three violations of the FTDR in seven years (2001-2006), establishing an extremely strong presumption for revocation.

Thus, even without the findings of egregious non-compliance in 2005 and 2006, there is an extremely strong presumption for revocation. Egregious non-compliance in any one year of two years of violating the FTDR is an independent ground for revocation. Here Mr. Ennazer is found to have violated the FTDR for three years.

In addition, the commission of serious misconduct or a serious violation of the law during any year between 2001 and 2007 provides additional grounds for revocation under the Enforcement Standards. Mr. Ennazer's attempt to mislead the Commission constitutes serious misconduct, especially as it relates to the driving requirement.⁷

Mr. Ennazer did not come close to providing "an absolutely compelling justification" for his driving record that would override the extremely strong presumption for revocation.

VIII. ADDITIONAL CHARGES: FRAUD

Although Ms. Thigpen alleged fraud in her post-hearing Brief, neither MPC 1090(a)(iv) nor MPC 1110 or 1138, nor Commission Rule 4.A.12 were formally charged in the Complaint. However, the Commission may, without violation of procedural due process, bring such charges in a new Complaint based on the evidence and findings here, or any additional evidence that the Commission discovers.

Finding

The Commission may, without prejudice, bring a new complaint that contains additional charges related to the evidence and findings in this case, including but not limited to MPC 1090(a)(iv), 1110 and 1138, and Taxicab Commission Rule 6.A.4.

IX. RECOMMENDED DECISION

⁷ Serious misconduct is relevant to i) establishing an extreme presumption for revocation (*supra*) and ii) evaluating mitigating and aggravating factors. It is not a separate formal charge. See Section VIII.

Under Section 1090 of the S.F. Municipal Police Code, the Taxicab Commission may penalize any taxicab permit issued under Article 16 for good cause, after a noticed hearing. "Good cause" includes, but is not limited to cases in which 'the permittee violated any applicable statute, ordinance, rule or regulation pertaining to the operation of licensing of the vehicles and services regulated by [Article 16], including any rules and regulations enacted by the Chief of Police pursuant to this Article."

Mr. Azzam Ennazer having been provided a noticed hearing and an opportunity to fully contest the charges against him, good cause exists to revoke his medallion under the evidence and findings contained in this decision.

Rules & Regulations - 1

ENFORCEMENT OF THE FULL-TIME DRIVING REQUIREMENT: STANDARDS FOR PERMIT REVOCATION [PROPOSED RULE - REVISED FOR 2/26/02 MEETING]

Taxicab and ramped taxi permitholders (medallion holders) who initially received their permit (medallion) after the effective date of Proposition K in July 1978 must be full-time drivers. When the full-time driving requirement ("the driving requirement") has been violated, the Commission has discretion to revoke the violator's permit. The Commission shall exercise its discretion in a manner consistent with the underlying purposes of Proposition K, including most particularly the basic principle, central to Proposition K and this rule, that permitholders be full-time drivers rather than absentees.

This rule provides a framework to govern adjudications of cases in which the Commission finds a violation of the driving requirement. As a guide to its exercise of discretion in such cases, the Commission shall follow the standards stated in this rule. Appendix A summarizes these standards.¹

I. Structure of Rule

A. Step 1: Determining The Number Of Violations. This rule is keyed to the number of times the permitholder violated the driving requirement during the seven calendar years preceding the calendar year in which the Commission hears the case.² Because compliance with the driving requirement is measured on a calendar year basis, there can be only one violation per calendar year.³ This rule does not create an entitlement to hold a permit for seven years; the permit of any permitholder, including short-term permitholders, may be subject to revocation in accordance with this rule.⁴ The seven-year period comes into play only when the permit of a long-term permitholder is subject to possible revocation. A long-term permitholder's record of full-time driving (or lack thereof) during the recent past (i.e., the last seven years) is far more relevant to the Commission's revocation decision than the permitholder's driving record in the distant past.⁵

B. Step 2: Determining What Presumption, If Any, Applies. This rule states presumptions that apply in specific cases. The Commission shall take seriously all presumptions stated in this rule. It is not intended that the Commission casually or routinely override presumptions. If it overrides a presumption, the Commission shall adopt findings that identify the presumption and specifically explain why it overrode the presumption. To emphasize the importance of the presumptions, none is characterized merely as a presumption; each is a "strong" presumption or an "extremely strong" presumption.

1. Strong presumptions. To override this type of presumption, the Commission must have a justification that is clear, substantial, and persuasive, in light of all the evidence. Minor justifications that might, in the absence of the presumption, tip the balance in favor of a particular result in a close case, will not do.

2. Extremely strong presumptions. To override this type of presumption, the

presumption favoring revocation if the evidence clearly convinces the Commission that the permitholder cannot drive full-time, or safely drive full-time, in the future, and that the permitholder will be permanently unable to drive full-time or safely drive full-time.

III. Two Violations

A. No Presumption. In cases involving two violations of the driving requirement, no presumption favors or disfavors revocation, except as specified in subsections III(B) and III(C) below.

B. Strong Presumption Favoring Revocation. In the following cases, there is a strong presumption favoring revocation.

1. Written Notice Of A Prior Violation Of The Driving Requirement And Written Warning That Another Violation May Be Cause For Revocation. The Commission (including any agent of the Commission) gave the permitholder written notice of a prior violation of the driving requirement, and that another violation may be cause for revocation; provided, that the notice was given in sufficient time that the permitholder, by heeding the notice, could have avoided another violation.

2. Written Notice Of A Potential Violation Of The Driving Requirement And Written Warning That The Violation, Should It Occur, May Be Cause For Revocation. During the second of the calendar years in which the permitholder violated the driving requirement; the Commission (including any agent of the Commission) gave the permitholder written notice that, based on the permitholder's driving record up to that point in the year, the permitholder was in danger of violating the requirement, and that such violation may be cause for revocation; provided, that the notice was given in sufficient time that the permitholder, by heeding the notice, could have avoided the violation.

3. Egregious Noncompliance With The Driving Requirement. In one of the two years in which the permitholder violated the driving requirement, the permitholder (a) drove no more than one-fourth of the shifts necessary to satisfy the driving requirement; or (b) drove no more than one-half of the shifts necessary to satisfy the driving requirement and evidenced a willful disregard for that requirement. "Willful disregard" means that the permitholder made no effort to drive full-time during the year in question, and has offered no minimally plausible explanation for the failure to make an effort to drive full-time.

4. Noncompliance With The Driving Requirement, Coupled With Another Serious Violation Of Law Or Serious Misconduct. The permitholder also committed another serious violation of law or some other serious misconduct. The other violation or misconduct may relate to the violation of the driving requirement, or may be unrelated; and it may have occurred in a calendar year other than those in which the driving requirement was violated.

C. Extremely Strong Presumption Favoring Revocation. In the following cases, there is an extremely strong presumption favoring revocation.

1. Two Circumstances Raising A Strong Presumption. Any two of the circumstances raising a strong presumption (see subsections III(B)(1), III(B)(2), III(B)(3) and III(B)(4) above) are present; provided, that the two circumstances relating to notice/warning (subsections III(B)(1) and III(B)(2)) are considered as one for this purpose.

2. Non-Permanent Inability To Drive Full-Time. The permitholder cannot drive full-time, or safely drive full-time, in the future; but the evidence need not clearly convince the Commission that the permitholder will be permanently unable to drive

safely drive full-time.

V. Weighing Facts and Circumstances

Relevant facts and circumstances that the Commission may consider in determining whether or not to revoke the permit, include, but are not limited to, the following (phrased in the singular term, "violation," but applicable to multiple violations as well):

1. The magnitude of the violation of the driving requirement.
2. Whether the violation would not have occurred had the permitholder made a timely request for suspension of the driving requirement for up to ninety days per calendar year, as allowed by law.
3. The extensiveness of the permitholder's driving since receiving formal notice of the Commission's hearing to consider revocation of the permit; the extensiveness of the permitholder's driving in any calendar year subsequent to the last calendar year during which it is charged that the permitholder violated the driving requirement.
4. To the extent it has predictive value as to the permitholder's likelihood of future compliance with the driving requirement, the number of years the permitholder has been an active taxicab/ramped taxi driver and the permitholder's past record of compliance or noncompliance with the driving requirement.
5. Whether there are credible and compelling mitigating circumstances that explain the violation. A "credible and compelling mitigating circumstance" is (a) a compelling circumstance, based on credible evidence, (b) pertaining to the permittee's health or the health of a member of the permittee's immediate family, or to some other serious personal or family hardship, (c) that places an unusually heavy burden on the permittee, as compared to an average permittee, in complying with the driving requirement. Many things do not qualify as "credible and compelling mitigating circumstances."⁷

It is not the Commission's intention that a credible and compelling mitigating circumstance, or a series of such circumstances, would justify failure to revoke a violator's permit for an extensive or indefinite number of years, or permanently. For example, a credible and compelling mitigating circumstance, or a series of such circumstances, does not override the extremely strong presumption favoring revocation where the evidence clearly convinces the Commission that the permitholder cannot drive full-time, or safely drive full-time, and that the permitholder will be permanently unable to drive full-time or safely drive full-time.

6. Whether, because of a paucity of persons on the medallion waiting list or ramped taxi medallion waiting list, revocation would disserve the public interest by keeping a taxi or ramped taxi off the streets, when public convenience and necessity warrants its being on the streets.

VI. Note on Scope of Rule

This rule does not abrogate the Commission's power to suspend rather than revoke a permit. This rule does not supersede legal requirements, if any, imposed on the Commission by state or federal law.

1 Appendix A is for illustrative purposes only; it does not supersede the text of this rule.

2 Evidence of the permitholder's driving record during the calendar year in which the Commission hears the case is admissible to give the Commission the fullest possible

COMPLAINT

State of California
City & County of San Francisco

Complaint is hereby made against: **MR. AZZAM ENNAZER TAXICAB PERMIT HOLDER #431**, engaged in the business of **YELLOW TAXICAB COMPANY CO-OP** Taxicab Permit Holder at the address of: 1200 Mississippi Street, San Francisco, CA, 94107. That the said business is conducted in a disorderly and improper manner as follows:

In the calendar year 2005 Mr. Ennazer was not in compliance with the "full time driver requirement" as specified in Section 1081 (b) of the San Francisco Municipal Police Code. This is his second violation of the requirement in seven years.

Statement of Facts:

On December 29, 2006, an audit was conducted by the San Francisco Taxicab Commission to determine if Mr. Ennazer was in compliance with Section 1081 (b) of the San Francisco Municipal Police Code, Appendix F of the Charter of the City and County of San Francisco (Proposition K). This is the "full time driver" requirement referred to above.

An examination of Mr. Ennazer's waybills from Yellow Taxicab Company Co-Op showed that Mr. Ennazer had filled out no waybills as required for calendar year 2005. (See attached Prop K Audit Worksheet Dated 12/29/2007)

When the Taxi Commission searched records at the San Francisco Taxicab Detail it found that Mr. Ennazer had a history of a prior "full time driver requirement" violation dating from calendar year 2002. Mr. Ennazer received a **FORMAL REPRIMAND** dated April 26, 2002, from Sergeant Vincent Simpson of the San

Francisco Police Department's Taxi Detail for violating the "full time driver requirement." (See Enclosure) Mr. Ennazer also signed this same document on May 2, 2002. The attached documentation shows that Mr. Ennazer drove a total of only 128 shifts that calendar year, and that he also violated San Francisco Municipal Police Code Section 1138 when he submitted incomplete waybills for audit. (See Enclosure).

In this **FORMAL REPRIMAND** that he signed April 26, 2002, he was informed:

"Section 1138 of the San Francisco Municipal Police Code requires that drivers of taxicabs keep an accurate and legible waybill which includes date of operation, starting & ending times, vehicle license #, cab#, medallion#, starting and ending mileage & units, time of hire and discharge of passenger and the locations of fare pick up and drop off."

Conclusion/Finding

Mr. Ennazer has 2 violations of the driving requirement within 7 calendar years. As noted earlier in the Complaint, he has no waybills on file at Yellow Taxicab Company Co-Op for Calendar year 2005, as required by rule.

He had been given notice in his prior **FORMAL REPRIMAND** of the requirement that his waybills be available, complete and accurate in 2002, as documented above. (See Enclosure)

By rule, Mr. Ennazer's medallion should be revoked as a result of this history of multiple violations of his obligation to drive 156 shifts or 800 hours per year (Egregious Violator). In addition he had been given prior notice in the year 2002 in the form of a **FORMAL REPRIMAND** that he signed.

The San Francisco Taxicab Commission reserves the right to modify our findings in the future, and present other evidence that may be developed about Mr. Ennazer's failure to meet the driving requirement up to and including the scheduled hearing date.

TAXICAB DETAIL

Enclosure # 13

April 26, 2002

Mr. Azzam Ennazer
Taxicab Permit Holder #431
Crown Cab Company

Mr. Ennazer:

On April 23, 2002, the Taxi Detail conducted an audit of your waybills to determine if you were in compliance with the "full time driver" requirement as specified in Section 1081 (b) of the San Francisco Municipal Police Code.

The result of our audit indicates that you have not complied with this regulation. In addition, the waybills that you submitted were found to be incomplete.

Section 1138 of the San Francisco Municipal Police Code requires that drivers of taxicabs keep an accurate and legible waybill which includes the date of operation, starting & ending times, vehicle license#, cab#, medallion#, starting and ending mileage & units, time of hire and discharge of passenger and the locations of fare pickup and drop off.

Furthermore, Section VI. C. 8. of the San Francisco Taxicab/Ramped Taxi Rules and regulations requires that waybills be completed in indelible ink, include total # of hours worked and are signed by the driver at the start of the shift.

This letter is to act as a FORMAL REPRIMAND for violation of the above regulations. You are required to drive at least 4 hours a day for 156 days in a calendar year. Furthermore, only completed waybills will be used in determining the total number of days /shifts worked. In addition, you must drive your own medallion number taxicab when complying with this full time driving requirement as per Section IV A. 10. of the San Francisco Taxicab/Ramped Taxi Rules & Regulations.

Violations of any of the codes and/or rules regulating the taxicab industry is punishable by an admonishment, non-traffic infraction, misdemeanor, fine, administrative reprimand, suspension or revocation.

Respectfully,

Vincent G. Simpson

Supervising Officer Taxicab Detail

Re: Ennazer's waybills, Yellow Cab records, and GTU records
Date: 6/20/7

You had requested a spot check of Mr. Ennazer's waybills and his proffered Yellow Cab "Logons/Driver History," which reflect when he logged into the Yellow Cab computer system in his vehicle, against waybills for 2006 and 2007. No waybills exist for 2005 but Mr. Ennazer had offered, as proof of his driving, the Yellow Cab records for 2005. At the outset it will be noted that every day that was spot-checked revealed evidence of fraud. For every single entry for 2007, 2006, and potentially 2005, Mr. Ennazer could be brought up on a separate charge of fraud and fined accordingly. MPC § 1090(a)(i) requires revocation when the permittee ceases to be a full-time driver, and MPC § 1090(a)(iv) requires revocation when a permittee knowingly makes false statements to or conceals information from the Taxi Commission. Filling out false waybills is knowingly making a false statement.

A spot check of Mr. Ennazer's waybills and the GTU printouts demonstrates the following discrepancies:

January 17, 2007: Mr. Ennazer claims he worked from 4 PM to 11 PM. He claims he went from SFO to Haight Ashbury from 4:30 PM to 5 PM, from North Point to SFO from 6:10 PM to 6:40 PM, SFO to 3rd and Market from 8:00 PM to 8:25 PM, 4th & Mission to Bay and Powell from 8:35 PM to 8:50 PM, 2nd & Brannan to the Nikko Hotel from 10:00 PM to 10:10 PM, and from the W Hotel to 8th & Fulton from 10:30 to 10:45. However, the entries/exits at the Airport reflect the following over the course of this evening: 5:16 PM/5:41 PM; 7:14 PM/7:47 PM; 9:47/9:54.

January 19, 2007: Mr. Ennazer claims he worked 4 PM to 2 AM. He has four separate SFO entries on his waybill. He claims to have been downtown from 8:35 PM to 1:00 AM when he took a passenger to SFO. Then he claims to have taken a passenger from SFO to North Point from 1:40 AM to 2 AM. However, the GTU records for January 19 and January 20 do not correspond to these entries on the waybills. Instead, the GTU records show that Mr. Ennazer's vehicle was out at the airport from 4:16 PM to 4:18 PM -- clearly just dropping someone off and deadheading back in, then again from 8:09 PM to 8:24 PM, from 9:51 PM to 9:56 PM -- again,

dropping someone off and deadheading back in without waiting – and finally from 10:44 PM to 12:16 AM – this time, waiting for a passenger in the staging area.

Meanwhile, on **January 20, 2007**, GTU reflect only one entry/exit, from 3:11 PM to 3:32 PM. However, Mr. Ennazer stated on his waybills that he was at SFO to various points in the City. The entries themselves are particularly incredulous as to the amount of time that Mr. Ennazer claims it took to navigate the various parts of the Bay Area.

January 29, 2007: Mr. Ennazer claims he worked 4:30 PM to 2 AM. He claims he took a passenger from SFO to Sutter/Stockton from 5:45 PM to 6:05 PM, then apparently trolled the City until his next fare from 7 PM to 7:10 PM, when took a passenger from 4th & Mission to 9th & Folsom. However, the GTU records reflect that Mr. Ennazer's cab dropped off a passenger and exited the airport from 6:13 PM to 6:15 PM. Later in the same evening, Mr. Ennazer claims that he took a passenger from 299 Folsom to SFO from 10:10 PM to 10:30 PM, from SFO to Burlingame from 12:05 AM to 12:20 AM, and then from SFO to the Nikko Hotel from 12:55 AM to 1:20 AM. However, the last entry/exit reflected on January 29, 2007 was 6:58 PM/7:59 PM, and there are no other records between that one and the next one on January 30, 2007 from 8:07 AM to 8:47 AM. This pattern repeats almost identically on **January 30, 2007** but this is supposed to be merely a sampling of all the problems.

March 25, 2007: Mr. Ennazer's waybill does not reflect whether he worked PM or AM. Mr. Ennazer states on his waybill that he went from SFO to "Kearny Bay" from 5:30-6 PM. That is the only SFO entry that appears on his waybill. There is no corresponding entry at SFO for that time whether or not it is PM or AM. In fact the only entries/exits are as follows: 8:46 AM/9:59 AM, 12:04 PM/12:53 PM, 2:18 PM/3:01 PM, 3:45 PM/4:43 PM. It is unlikely that Mr. Ennazer worked 4 PM to 1 AM however because the very next day, March 26, 2007, he allegedly worked 4 AM to 1 PM.

March 26, 2007: Mr. Ennazer states that he worked 4 AM to 2 PM. He states that he went from SFO to Mountain View from 6:30 AM to 7:10 AM, from SFO to "Western SF" from 8:30 AM to 9:40 AM, and from SFO to Foster City from 10:30 AM to 10:50 AM. There are an immense amounts of records from GTU for that day but the relevant ones are the entries/exits as follows: 7:40 AM/8:14 AM; 9:49 AM/10:46 AM; 11:33/11:35 AM. These do not coincide with these places and times, especially considering the geography at issue.

March 27, 2007: Mr. Ennazer states that he worked 4 PM to 2 AM. He claims to have been in the Castro and Mission areas from 4 PM-5:50 PM. He claims that he went from 165 Stewart to SFO from 7 PM to 7:25 PM and from SFO to 333 Battery from 10:10 PM to 10:40 PM. The entries/exits at SFO are: 5:04 PM/5:20 PM; 6:28 PM/6:48 PM. There is no way that Mr. Ennazer could have been in two places at once, and the times at SFO do not coincide with his waybills.

March 28, 2007: Mr. Ennazer claims he worked 4:30 PM to 2:30 AM. His cab was at the airport from 4:12 PM-4:29 PM, making it difficult to pick up at the lot at 4:30 PM. He claims he took a fare from 4th & Mission to SFO from 5 PM-5:30 PM. He also claims that he took a fare from SFO to San Mateo from 7:10 PM to 7:25 PM, and from SFO to 750 Kearney from 7:40 PM to 8:05 PM. However, the cab was only at the airport from 6:00 PM to 6:02 PM, and again from 7:01 PM to 7:03 PM.

2006

Mr. Ennazer submitted merely 58 waybills for 2006 – clearly, failing to meet his Proposition K

driving requirement. For 2006 we actually have the Yellow Cab identification log on records available for Mr. Ennazer, because Mr. Ennazer submitted these himself at the hearing and attempted to claim that although no waybills exist for 2005, the Yellow Cab records demonstrate that he was logged on in 2005. The Yellow Cab records reflect log-on times for Mr. Ennazer that do not correspond with his waybills – demonstrating that even if all 58 waybills were counted, he would still fall far short of the driving requirement. Additionally, the Yellow Cab records reflect that he submitted waybills for days *for which he was not actually logged in*.

January 2, 2006: Mr. Ennazer claims he worked AM to 4 PM. However, the Yellow Cab records show that he logged on at 8:21 AM. He claims he took a passenger from Fillmore/Steiner to SFO from 6:30 AM to 7 AM, then waited at the airport and took a passenger from SFO to 24th & Noe from 9:10 AM to 9:35 AM. However, the only entries/exits from that day occurred after 4:27 PM – when Mr. Ennazer was already allegedly off work.

January 4, 2006: Mr. Ennazer claims he worked from 4:30 AM to 2:30 PM. However, he did not log on to Yellow's computer system until 8:12 AM. He claims he went from 22nd & Caroline to SFO from 4:30 AM to 5:00 PM. However, the cab first entered the airport at 8:34 AM and did not exit until 10 AM. Meanwhile, Mr. Ennazer claims he took a passenger from SFO to 4th & Mission from 8:10 AM to 8:40 AM. He also claims he took a passenger from the W Hotel to SFO from 1:30 PM to 2 PM, and then from SFO to 2:10 PM to 2:35 PM. However, there are no corresponding airport records that reflect those trips.

Mr. Ennazer submitted waybills for January 13, 16, and 21, all in 2006, and yet Yellow's computer printouts do not reflect that he logged in.

January 15, 2006: Mr. Ennazer claims that he worked 2:30 PM to 10:30 PM. He claims he took a fare from SFO to Danville from 3 PM to 4 PM, and then from SFO to Hilton from 6:30 PM to 7 PM. The Yellow Cab records demonstrate that he logged on at 10:46 AM. Additionally, the GTU records demonstrate that the cab was at the airport from 4:35 PM to 5:15 PM – at exactly the time that Mr. Ennazer was allegedly navigating traffic on his way back from Danville. The only other entry/exit record at the airport on that day was from 6:58 PM to 8:50 PM. However, Mr. Ennazer's waybill states that he went from Bay/Mason to 8th Ave/Fulton from 7:10 to 7:30, and then from SFO to Oakland from 9:50 PM to 10:25 PM.

January 21, 2006: Mr. Ennazer claims he worked 10 AM to 8 PM. He claims to have taken passengers to and from the airport all day long. However, Yellow Cab records do not reflect that he logged in that day. And, the airport records reflect only ONE entry /exit on this day: 3:20/4:11. Mr. Ennazer's entries on his waybill do not correspond to the airport records.

January 29, 2006: Mr. Ennazer claims he worked 10 AM to 5 PM. However, he did not log into the Yellow Cab system until 10:40 AM.

February 5, 2006: Mr. Ennazer claims he worked from 12 PM to 10 PM but he logged into the Yellow Cab system at 10:15 AM. The airport records reflect an extra trip in and out of the airport which would have been physically impossible given the other entries on the waybill.

February 15, 2006: Mr. Ennazer submitted a waybill claiming he worked from 7 AM to 6 PM, but Yellow Cab entries do not reflect that he ever worked that day. Additionally, the SFO entries on his waybills do not correspond to the airport records.

This report could go on and on. Every single day that was spot-checked demonstrates egregious

fraud.

Even if the Yellow Cab records are accepted at face value for 2005, and it is assumed that each log-on entry represents 10 hours (which is unlikely, but this would be giving Mr. Ennazer the complete benefit of the doubt), Mr. Ennazer worked only 74 shifts. Some of the entries are two entries in one day but this reflects the taking of breaks – and additionally Mr. Ennazer cannot receive credit for more than 10 hours. *Thus, even with the Yellow Cab records accepted as a substitute for waybills, Mr. Ennazer still violates Proposition K.*

Mr. Ennazer was brought up on charges for failing to drive at all in Calendar Year 2005. Subsequently, the Taxi Commission has determined that he has not only failed to complete his Proposition K driving requirement for Calendar Year 2006, but has committed serious fraud in Calendar Years 2006 and 2007 and likely in 2005 as well, were the waybills to be located.

The standard for revocation is merely a preponderance of the evidence, and here the Commission has proved beyond a reasonable doubt that Mr. Ennazer has failed to meet the driving requirement and has committed fraud.

Mr. Ennazer's medallion must be revoked under these circumstances.

Respectfully submitted,
