RE: Consideration of Excessive Criminal and Administrative Violations Noted in the Industry

Date: September 4, 2008

Attached to this memorandum is a report of statistics from the San Francisco Police Department Taxi Detail for he second quarter of Calendar Year 2008. Sgt. Reynolds will give more detail about these statistics and more detail about some of the excessive criminal violations that have been noted in the industry.

Although 311's current reporting structure does not allow for us to track complaints by type unless we manually go in and view each of the complaints (a problem we are currently working with 311 to solve) staff was able to obtain the following statistics from 311:

Month	# of Complaints
January	14
February	82
March	179
April	83
May	167
June	201
July	187
August	257
September	20 (as of 9/4/8)

Please note that according to 311, these figures do not include lost and found calls.

More information and discussion will be available at the hearing.
