

Summary of Recommendations for 30 Stockton:

- No route changes proposed.
- Subject to equipment availability, all service on Stockton Street would be provided by 60 foot articulated buses to reduce crowding and improve reliability.
- Currently, there is a temporary reroute in the southbound direction along Mason and Fifth streets to accommodate the Central Subway Project construction. The reroute is expected to be in place for several years.
- Transit Travel Time Reduction Proposal 30 (TTRP.30) is also proposed to reduce transit travel time along the corridor.
